Decent enough, not worth the wait though and too linear. And I hate POV skips midstory when you play from first person. Mortze always manages to create the same douchiest dude you can find in all his games, and this Farik character we are gonna play next ep fits that bill perfectly.*

Pandora is my first solo project. It is a challenge I set to myself up to know if I could put up a game. So far, things are going well. Pandora follows the lines that identify Tlaero's games and Dreaming with Elsa. It focuses on sexual build-up teamed with characterization and an independent storyline.*

Here are some great links to fellow artists and 3D Erotica sites. Here you'll find Pusooy and his awesome games. I must say it was this site that made me love 3D Erotica. His games are sweet, and very interactive. You'll find the most cute 3D girls I've seen. This artist, EroGenesis, is pure awesomeness. He is what I'd like to be someday.*

A few hours later (6 to 12) I'll release it at Shark's Forum and at MortzeArt sites. That's the only way to counter piracy. What's the big edge pirates will have if the game is free on 2 other sources? I hope it's the best solution for you and for Tora Productions. We feel like it is. Please, be patient a few more hours. Cheers,*

I hope you're still following MortzeArt! I know I've been faulty in updates but here is one cool. No, Pandora part II Isn't ready but I'm working on it. I've resumed the work on Finding Miranda too. Tlaero's writing and plot is just too good to put the game on stand-by.*

Pandora part 1 was one of my favorites of your games even though they were all great. I had so much joy in playing them and always a smile on my face because it was so entertaining. The reason why I liked pandora so much is the setting and the characters.*

You still play as Kean, a little bit nerdy guy, but how probably will get laid :) You'll see lots of different characters from Star Wars and even Gods of the sea.*
