ABSTRACT

It is a unique freeze dried tablet in which drug is physically entrapped or dissolved within the matrix of fast dissolving carrier material. When Zydis units are put to the mouth, the freeze-dried structure disintegrates instantaneously.

A REVIEW ON MOUTH DISSOLVING TABLETS | PharmaTutor

For mouth dissolving tablet formulation the main criteria is to eliminate the bitterness of the tablet by adding sweetening agent or by sugar coating on the tablets. To overcome this problem and to make the oral route more convenient for patients a new drug delivery method is evolved known as mouth dissolving drug delivery system, orodispersible or mouth-melt etc.
