Nec Authentic (1977 - 1978) Nec's very first hifi lineup - with a name that was perhaps a bit too much to bear for such a young brand. Although Nec in 1977 was 79 years old, it did enter the hifi market at its very peak and only to see it go downhill afterward.

Not to dangle a carrot over your head, but if you like the AUA-8000E, hunt down a NEC A-10II integrated. Quite possibly the best integrated to come out of Japan - to quote one reviewer. It knocked my AUA-8000E out of my main system. Sounds as good as a high end McIntosh set up I listened to a few months ago.
