White Paper June 2018 World Ocean Council

The joint communication is an integral part of the EU's response to the United Nations' 2030 Agenda for Sustainable Development, in particular Sustainable Development Goal 14 'to conserve and sustainably use the oceans, seas and marine resources'. It is based on the political mandate given to Commissioner Vella by President Juncker 'to engage in shaping international ocean governance in the UN, in other multilateral fora and bilaterally with key global partners'.

Oceans - United Nations Sustainable Development

Ocean governance is the conduct of the policy, actions and affairs regarding the world's oceans. Within governance, it incorporates the influence of non-state actors, i.e. stakeholders, NGOs and so forth, therefore the state is not the only acting power in policy making. However, in terms of the ocean,...
