Kurt Darren - Oh My Soul (Pascal & Pearce Remix)

Something interesting I noticed about Pascal's shop yesterday: If you choose to kill him, you'll receive the item Pascal's Core which sells for a hefty 50,000G. If you go back and change your choice later (after you get chapter select), you will have access to Pascal's shop and you will have the core in your inventory.

This version also "came with" a floppy,

originally, that would run "Dr. Pascal" (no longer supplied). The book is excellent, having a nice balance between syntax and semantics and concepts. But for today's learning, perhaps with Free Pascal, probably the "Oh! Pascal!" Third Edition for Turbo 6 would be more appropriate.
