## **Origami Instructions | Origami Way**

The classic origami plane is made from a single piece of rectangular paper and consists of four parts: the nose (front), body, wings, and tail (back). After you master the basic design, get some friends together and stage flying competitions to see how far your plane can fly or how long it can stay in the air. The world record for flight distance is 226 feet 10 inches, and 27.9 seconds for flight time.
