Bookmark File PDF Our Supply Chain Ethics And Business Conduct Principles

When it comes to your supply chain, transparency and accountability go hand in hand. It's hard to hold other members of your supply chain accountable if they don't know how they're doing. And if they don't have the systems in place to measure themselves, that responsibility falls on you.

Building Sustainable and Ethical Supply Chains

Forced labor has long been a grim reality in supply chains. Cheap labor costs drive businesses to set up shop in foreign countries, which often lack formal and even informal human rights protections. Yet recently, a rising awareness of the harms of modern slavery and an increase in non-profit engagement has brought this human rights issue into the global spotlight.

Supplier Responsibility - Apple

An efficient supply chain is responsive to changing priorities by keeping costs in line, schedules on time and, more importantly, giving companies the room to scale for growth.
