The Trade and Transport Facilitation Assessment (TTFA) is a practical  
tool to identify the obstacles to the fluidity of trade supply chains.  
Taking the perspective of service delivery to traders, the TTFA  
assessment is founded on facts and data collected through a series of  
meetings and interviews with the main public and private participants  
to these international supply chains.

TRADE AND TRANSPORT FACILITATION IN SOUTH ASIA  
Trade facilitation has its intellectual roots in the fields of  
logistics and supply chain management. Trade facilitation looks at  
operational improvements at the interface between business and  
government and associated transaction costs. Trade facilitation has  
become a key feature in supply chain security and customs  
modernisation programmes.
