"The Cube" that PluribusOne™ is addressing here is the one confused with Kokology by those who misunderstand the conceptual difference underlying these so-called "games." The Cube suffers an identity crisis because, although it has become casually known to millions of people, no one has traced it to a particular ancient mystic, sacred teaching, or culture...

The Cube: Keep the Secret: Annie Gottlieb, Slobodan D ...

The first Cube book has a "Vocabulary" in the back, and the second book, The Secrets of the Cube is an in-depth overview of Cube shapes, positions, colors, and a ton of other information on the Cube, the ladder, the horse, the desert, the flowers, and the storm.

The Secret to Greater Productivity? It's In the Cube ...

Rubik's cube offers 43 quintillion, (exactly 43,252,003,274,489,856,000) permutations or possible configurations. The Rubik' cube aficionados from around the world have developed some cube solving tools, which essentially are a shortcut to solving the cube by employing short sequences of turns.

offers. Describes an ancient visualization game, revolving around a set of simple, self-created images and seven Cube types

The Cube by Annie Gottlieb - Goodreads

The world in which the Cube series is set is kept secret from the viewer of the films throughout. The first Cube, in particular, portrays nothing of the world in which the film is set, who is responsible for the Cube, or why the prisoners are there. Hints are, however, given throughout the second and third films.

The leading school of thought for solving a Rubik's Cube quickly is called Fridrich's Method, and it's available online. According YouTuber Mike Boyd, well-versed practitioners of Fridrich's Method can be sure to crack the cube in under two minutes. Unfortunately, the method requires you to do something that, at least to me, seems so insane that I literally want to laugh out loud.
