Top 100 Women of History (By Internet Searches)

In uncovering women's history, many of today's students have come to another important conclusion: the 1970s may have been the beginning of the formal study of women's history, but the topic was hardly new. And many women had been historians—of women and of more general history. Anna Comnena is considered the first woman to write a book of history.

Personal History is exceptionally well-written and the voice is authentic. I'm grateful to Katharine Graham for giving us this window into her life. Many of us were a part of the history of the periods she covers and have an attachment to the Washington Post, nurtured by her family for all of those years.

The field of women's history exploded dramatically after 1970, along with the growth of the new social history and the acceptance of women into graduate programs in history departments. In 1972, Sarah Lawrence College began offering a Master of Arts Program in Women's History, founded by Gerda Lerner, that was the first American graduate degree in the field. [59]

What Is Women's History? - A Short Overview

Breast MRI screening should be “strongly considered” for women with a personal history of breast cancer or high-risk lesions, according to new research published in Radiology. The American College of Radiology now recommends screening MRI for women with a personal history of breast cancer and dense breasts or a prior cancer diagnosis before the age of 50.
