Cultural Capital | Social Theory Rewired

Symbolic capital is one of the forms of capital central to the work of Pierre Bourdieu. Although it is often simply glossed as " honor " or " prestige, " it is important to note that the honor and prestige inherent in symbolic capital is the outcome of the conversion of other forms of capital. Bourdieu defines symbolic capital as " the form that the various species of capital assume when they are perceived and recognized as legitimate " (1989, 17; see also Bourdieu 1986).

SAGE Reference - Symbolic Capital

The Forms of Capital. By social capital he refers to the network of ' useful relationships that can secure material or symbolic profits ' (Bourdieu, 1986: 249): the amount of social capital that an individual can draw upon is thus the sum of the number of people in their network and the amount of capital so possessed.

Symbolic capital - Wikipedia

In "Cultural Reproduction and Social Reproduction" (1977), Pierre Bourdieu and Jean-Claude Passeron presented cultural capital to conceptually explain the differences among the levels of performance and academic achievement of children within the educational system of France in the 1960s; and further developed the concept in the essay "The Forms of Capital" (1985) and in the book The State Nobility: Elite Schools in the Field of Power (1996).

Bourdieu ' s Theory of Capital, Habitus and Field

Pierre Bourdieu developed the concept of cultural capital in the late 1960s when studying the French educational system and noticing that middle-class students tended to persist through school, while working-class students had higher drop out rates. Bourdieu argued that although education was supposed to serve as a vehicle for social mobility where students could work to their natural aptitudes, the educational system actually reproduced the existing social class structure; one important ...
