Cybernetics as a discipline was firmly established by Norbert Wiener, McCulloch, Arturo Rosenblueth and others, such as W. Ross Ashby, mathematician Alan Turing, and W. Grey Walter (one of the first to build autonomous robots as an aid to the study of animal behavior). In the spring of 1947, Wiener was invited to a congress on harmonic analysis, held in Nancy (France). This was an important ...

Judith L. Fisher is Professor of English at Trinity University in San Antonio, Texas. She is the editor of William Makepeace Thackeray's *The Adventures of Philip* (U of Michigan P, 2010) and author of *Thackeray's Skeptical Narrative and the 'Perilous Trade' of Authorship* (Ashgate, 2002); she has written and presented on tea as a literary device in British literature.

Historical Perspective of the Maillard Reaction in Food ...

Abstract This article explores and describes the impact of women on the American recreation movement from 1900 to 1960. The theses that emerged in this article are that women were involved in the early and middle years of the movement, that their activities were different from men's activities and thus largely invisible as recorded in the history of the recreation movement and that ...
