Wikibooks is a useful resource if you're curious about a subject, but you couldn't reference it in academic work. It's also worth noting that although Wikibooks' editors are sharp-eyed, some less scrupulous contributors may plagiarize copyright-protected work by other authors. Some recipes, for example, appear to be paraphrased from well-known chefs.

historical and experimental evidence, David D. Laitin demonstrates that the choice of an official language may significantly affect the course of a country's political development.

List of Most Common Political Terms with Their Meanings ... The results have been mixed. In most cases, human thought and action are overdetermined by an array of causes, so the structure of language may not play a central causal role. Linguistic determinism can best be demonstrated in situations in which language is the principal means of drawing people's attention to a particular aspect of experience.
