Practice Theory, Work, and Organization - Davide Nicolini ...

Organizational theory consists of many approaches to organizational analysis. "Organizations" are defined as social units of people that are structured and managed to meet a need, or to pursue collective goals. Theories of organizations include rational system perspective, division of labor, bureaucratic theory, and contingency theory. In a rational organization system, there are two significant ...

Practice Theory, Work, and Organization: An Introduction ...

Recognizing that a unified theory of practice does not exist, the central chapters of the book then discuss the theory and concepts of the main scholarly traditions that have, collectively, contributed to the '\practice turn\' in social and organization studies.

Practice Theory, Work, and Organization

Each of the central chapters concludes with a fully worked example of the theory in application. Practice theories have become of increasing interest for management and organizational scholars in recent years, and this book is an advanced introduction to the complexities of the area for academics, researchers, and graduate students in organization studies, management, and across the social ...
