Price Theory and Applications, 7th Ed.-Book Index

One of the standout features of Price Theory and Applications is the rich and diverse selection of "Examples" provided. These show how economic analysis can be applied to a wide variety of problems and situations. Most of these are based on research published in economic journals, and they show that economics is much more than a dry theoretical study.

Price Theory and Applications, 7th Ed.

All these were germinated from auditing Jack's evening price-theory lectures in a small room at UCLA, 42 years ago. The lecture notes I then laid the foundation of Price Theory and Applications. The magic in those notes has remained evident up through this seventh edition. Steven N.S. Cheung, University of Hong Kong
