in chapter 4, [Troubleshooting] of this manual. Switch Features The features of the ProCurve 1810G-24 Switch include: 24 auto-sensing 10/100/1000Base-T RJ-45 ports. plug-and-play networking/all ports are enabled/just connect the network cables to active network devices and your switched network is operational.

Configuring PoE operation
I have cleared and reset the settings of a procurve 2810 switch. From the console I assigned a new manager password. When I connect to the switch from a browser I am prompted for user name and password. user name Manager and a valid password are not accepted. What user name should I use? Where do I config that user name? thanks, P.S.
