Microsoft 365 Training - support.office.com

Provide product refresher training. Make sure product knowledge training is ongoing. If sales professionals aren't selling one particular product every day, they will need reminders on what the products are and what customer problems they solve. Integrate training into your organizational culture so that employees seek training when they need it.

Product Training Guide

Product training should teach customers not only about the features of your product but also how best to achieve the outcome they're looking for. If your product is an invoicing platform, for example, you'll obviously want to teach customers how to create a user profile and run their first transaction.
