In general, you should include in the description of your engineering experience the following: (1)The general nature of your position in each engagement, (2)The engineering work that you personally performed, (3)The elements of engineering design and analysis, (4)The identity of the projects by name, location, size, etc., and

What constitutes progressive engineering experience?

As a young engineer during the last one year of my working experience, I have learned that Engineers need to be specific in their description. For example, "I have a long rod" and "I drive alot" doesn't really mean anything to us. I am surprised the OP doesn't know this and already applying for PE license. RE: PE EXAM EXPERIENCE - FORM 4A

Professional Engineering Experience and Verification

Progressive engineering experience And from what I have seen of European licensing requirements, their terminology is similar. For example, FEANI uses the term "valid professional experience." You could just as easily rephrase the requirement to state "engineering experience that is progressive" if that helped the phrase make more sense to you.
