Project Report On Manual Mini

A report is a business tool used to convey research, findings and recommendations. A mini report is a condensed version of a report. It is used in a number of business cases. For example, a mini report can be used when frequent updates about a project are being made to superiors or when the reader of the report only requires a short summary of the matter at hand.

Computer Graphics Projects & Reports for VTU CSE 6th Sem

In Project 2013, you can also view specific project data in a visual report in Excel or Visio, if you have those programs installed. To do this, click Report > Visual Reports, select an Excel or Visio report for your project data, and click View. Excel builds a local Online Analytical Processing (OLAP) cube file and shows your data in an Excel
