psychodynamic training in clinical practice, mental health nursing has been strongly influenced by the biomedical model and has become increasingly depersonalized.

Psychiatric Mental Health Nursing: Concepts of Care in ...

Despite existing evidence and agreement on some of the effective treatments for persons with mental illness, research shows that few patients with psychiatric disorders receive evidence-based care (Horvitz-Lennon et al, 2009; Resnick and Rosenheck, 2009). In addition, research is limited on the evidence base of the policies and politics of the mental health delivery system, including agencies, programs, and service effectiveness.
