What is Personality? - Personality Psychology

Early theories assumed that personality was expressed in people's physical appearance. One early approach, developed by the German physician Franz Joseph Gall (1758-1828) and known as phrenology, was based on the idea that we could measure personality by assessing the patterns of bumps on people's skulls (Figure 12.1, "Phrenology"). In the Victorian age, phrenology was taken seriously ...
