**Qigong - Wikipedia**

Qi means "breath" or "air" and is considered the "vital-life-force" or "life-force energy." Qigong practitioners believe that this vital-life-force penetrates and permeates everything in the universe. It corresponds to the Greek "pneuma," the Sanskrit "prana," or the Western medical conception of "bioelectricity."

**Qigong**

Qigong (气功), ch'i kung (气功), and chi gung are English words for two Chinese characters: qì (气) and gōng (功). Qi (or chi) is often translated as life energy, referring to energy circulating through the body; though a more general definition is universal energy, including heat, light, and electromagnetic energy; and definitions often involve breath, air, gas, or the relationship between ...
