Aeronautical Radio,  
Incorporated (ARINC),  
established in 1929, was a  
major provider of transport  
communications and systems  
engineering solutions for  
eight industries: aviation,  
airports, defense,  
government, healthcare,  
networks, security, and  
transportation. ARINC had  
installed computer data  
networks in police cars and  
railroad cars and also  
maintains the standards for  
line-replaceable units.
