China, Economic Regionalism, and East Asian Integration. In practice, China will engage bilaterally or multilaterally with others through its FTA strategy. Thus, China cannot be a main contributor to East Asian integration as expected, owing to the inward-looking nature of its economic regionalism. Also, the institutional integration of East Asia needs the effort of all the players in the region.

Regionalism and Globalization in East Asia

Dilemmas of Regionalism in East Asia 21 Group (EAEG), likewise came from initiatives from states on the periphery such as Singapore, Malaysia and Australia rather than from the center.⁹ This distinct logic of regionalism in East Asia has been clearly demonstrated in its enlargement.

What Drives Regionalism in East Asia—And Why It Matters ...

Asia's regionalism is most certainly a work-in-progress, but it is progressing step-by-step. And while it showed the European Union the importance of basing regionalism on the private sector as a driving force, Asia can now take a decisive step forward by emulating Europe's past focus on governments working with each other to overcome the specters of the past.

China, Economic Regionalism, and East Asian Integration ...

The experience of the Asia-Pacific region generally, and East Asia in particular, has often been drawn on to question functionalist accounts of regionalism. Regional integration in the Asia-Pacific, it was frequently argued in the 1990s, was "market-driven".

Chapter 1 Why Asian Regionalism?

The security balance in Asia is the single biggest issue confronting regionalism in the Asia-Pacific. In the past several decades, stability in Asia has rested upon two pillars; the overwhelming military power of the United States and the cooperation of other countries, most prominently South Korea and Japan.
