Restorative dentistry - Wikipedia

What Is Restorative Dentistry? The term "restorative dentistry" is the integrated management of oral health problems and restoring of the mouth to a functional and esthetic state. While it is not currently recognized as a dental specialty by the American Dental Association, general dentists are able to perform many of these procedures without additional education and certification.

Master Dentistry: Volume 2: Restorative Dentistry ...

The Difference Between Restorative Dentistry And Cosmetic Dentistry Cosmetic dentistry is dentistry that deals with fixing your smile and the general appearance of your teeth. Where cosmetic dentistry is concerned, the focus here is the art, not the actual science behind the procedure.
