Find picture-based communication aids and devices created for adults and patients enable independence and ease the stress of caring for people with cognitive/communication difficulties, aphasia, stroke, dementia, autism, brain injury, ALS

### Connected Mathematics Say It with Symbols - AbeBooks

One of the goals of Connected Mathematics is to assist children in figuring out as much as they can for themselves. You can help by asking questions that guide, without telling what to do or giving away answers. Good questions and good listening will help children make sense of mathematics, build self-confidence, and encourage mathematical thinking and communication.
