### Marx & Engels Selected Works

The motivating idea behind Marx's philosophy was the idea of materialism. Materialists believe that it is the material conditions of the world, for instance, the structure of the economy and the distribution of wealth, that give rise to ideas such as who "should" lead and "deserves" to earn what they earn.

Professor Simon's outstanding introduction-both philosophically and historically acute-presents a biographical account of Marx, outlines major themes, and places Marx's intellectual development

in context. He has also provided introductions to each selection and a select bibliography of important works on Marx.

### **Karl Marx: Selected Writings book by Karl Marx**

This is an excellent selection of the writings of Karl Marx. This includes many writings which do not make it into the usual Marx/Engels Readers; Writings including Marx's Letters, his criticism of Bakunin, more writings on economics than in the usual Reader, and so on. One flaw of it, though, is that it does not contain the later writings of Engels written after Marx's death. I suppose this is to be
