SentrySafe products are manufactured with both manual and electronic locking mechanisms. Setting the code on an electronic safe requires a simple process and permits two users to access the safe. Replacing the batteries can also be accomplished easily, even if the compartment is located inside.

Sentry 1250 Lost Combo
Re: Need help with Sentry safe 1250 One more thing just so that you are aware in case you aren't already. The "proper" way to open these safes is spin the dial to the left past the first number twice, stopping on it the third time. Now spin to the right past the second number once, stopping on it the second time.
