Services Marketing: Integrating Customer Focus Across the Firm

Services marketing strategy focuses on delivering processes, experiences, and intangibles to customers rather than physical goods and transactions. It involves integrating a focus on the customer throughout the firm and across all functions. All company functions – marketing, selling, human resources, operations, and R&D – must work together to create effective services

This title introduces a ground-breaking approach to the services marketing course. It replaces the 4Ps with the Gaps model of service quality. The Gaps service quality model makes explicit the difference between the marketing of goods and the marketing of services, as well as the differences between the way the principles of marketing course handles the marketing mix and the way
