How to dis-associate file type - Microsoft Community
EDIT: Maybe file type verification using its binary signature can also
be done on client side using JavaScript (rather than just by looking
at the extension) using HTML5 File API, but still, the file must be
verified on the server, because a malicious user will still be able to
upload files by making a custom HTTP request.

How to dis-associate file type I have erroneously associated a .BIN
file with Adobe reader, I know I can change to another program. BUT
how do I change to unknown, I dont have the program to open the
required .BIN file type. But I can only set to a program - any
program. But I want to set to NO program and this doesn't seem
possible.
