SketchUp Skill Builder: All about Guide Lines

The first time you use SketchUp, you need to sign in to activate your trial or subscription. After you're signed in, the Welcome to SketchUp dialog box appears, as shown here. This dialog box is your starting point for creating a model and appears every time you start SketchUp (unless you choose to turn it off in the SketchUp Preferences dialog box).

SketchUp Woodworking Tutorial for Beginners - Part 1

In previous versions of SketchUp, guides were called construction geometry because that's basically what they are: a special kind of entity that you create when and where you need them. They aren't part of your model because they're not edges or faces. This means that you can choose to hide them or delete them — like other annotations, they don't affect the rest of your geometry.
