40 slide:ology Sketching Complete Ideas Now that you've generated several ideas, begin to sketch pictures or scenes from them. These sketches become visual trig-gers that spark more ideas. Don't worry about throwing things away—that's why

you generated a lot of ideas in the first place. In fact,

slide:ology: The Art and Science of Creating Great ...

Slide:ology is a combination of the words slide (as in PowerPoint slide) and ideology, which is an apt description for the book. Although there are specific prescriptions for making successful presentations, the book does a better job at presenting Nancy Duarte's ideology (although I would use the word methodology) for crafting presentations.

Amazon.com: Customer reviews: slide:ology: The Art and ...

Presentation software is one of the few tools that requires professionals to think visually on an almost daily basis. But unlike verbal skills, effective visual expression is not easy, natural, or actively taught in schools or business training programs. slide:ology fills that void.

Slide Ology The Art And

Slide:ology. There's an art and science to creating great presentation slides and Slide:ology gives you insight into both. When making presentations, you need to think visually. However, most organizations don't train people in thinking like a designer and we certainly don't learn visual language in school the way we learn written language.

Slide:ology: My favorite presentation book of all time

Utilize presentation technology to your advantage Millions of presentations and billions of slides have been produced -- and most of them miss the mark. slide:ology will challenge your traditional approach to creating slides by teaching you how to be a visual thinker. And it will help your career by creating momentum for your cause.
