Best Buy: Viper SmartStart GPS Remote Starter VSM350

Installation was straight forward - very straight forward for those who have done remote start systems before. Activation is a bit confusing. You have to set yourself up as both a Viper dealer and customer to activate the unit. All of this can be done online. I understand you can also pay any willing Viper dealer to do it for you.

MySmartStart - Products

Best buy did a great install. Only thing that bothers me about the product is it has restrictions. Can't program start up times. Only reminders. Which sucks. The viper is over rated and to expensive for what it does. No temperature inside the car. No program start ups. It's just a GPS nothing else. Plus there is a subscription. For what.
