In "Smarter", he digs deeper by meeting with the field's leading researchers--and becoming a human guinea pig. After just three months of playing computer brain-training games, joining a boot-camp program, learning to play the Renaissance lute, practicing mindfulness meditation and and even getting his brain zapped in the name of science,

Smarter: The New Science of Building Brain Power | Dan ...

Since the beginning of human history, people have made decisions in groups. As the saying goes, two heads are better than one. If so, then three heads should be better than two, and four better than three, and a hundred or a thousand, then, things are bound to go well—hence the supposed wisdom of crowds.
