Amazon.com: Soccernomics: Why England Loses; Why Germany ...

"Many explanations [of England's poor form] can be found in the book Soccernomics in a segment entitled 'Why England Loses.' (This is well worth a read for any English football fan; essentially, you overvalue your football heritage and undervalue the benefits of innovation.)" Stephen J. Dubner, coauthor of Freakonomics, on the Freakonomics blog

Soccernomics: Why England Loses, Why... book by Simon Kuper

I've only read the first chapter of this eye-opening book ("Why England Loses and Others Win") and have to say it's a blast. If you enjoyed Freakonomics and Moneyball (and you care about soccer) you'll enjoy Soccernomics -- it's those two books (with soccer, of course, substituting for baseball) blended into one. Quite intriguing.

Soccernomics by Simon Kuper - Goodreads

Soccernomics (previously published as Why England Lose) answers them. Written with an economist's brain and a football writer's skill, it applies high-powered analytical tools to everyday football topics. Soccernomics isn't in the first place about money. It's about looking at data in new ways. It's about revealing counterintuitive truths about ...

Soccernomics by Simon Kuper and Stefan Szymanski

This seems to be a recording of an early edition (entitled "Why England Lose"), so it doesn't include the revisions and additional chapters of more recent versions. Still, it's an interesting book, and the narrator does a great job at imitating foreign accents. Ultimately, the number-crunching may be a bit much for English majors -- those might ...
