Frank and Bernice J. Greenberg, Professor of Law and the Kearney Director of the University of Chicago Institute for Law and Economics. The most prevailing view among those who predict the future of law and economics is that it will become more technical, more rigorous, and more mathematical. Just like its mother discipline, economics.

Law and Economics Pearson New International Edition ...  
Both law and economics scholars and libertarians, for example, are likely to agree that freedom of contract promotes economic well-being. In cases where a model suggests that it does not, however, a law and economics adherent might be willing to trade liberty for prosperity, whereas a libertarian is unlikely to agree to this.
