The revision and addition is visible most in the section that deals with Indian coins because it is scores of Indian scholars who contributed most to this volume. If anyone collects South Asian Coins, particularly Indian coins, then this catalog is a must-have for him. I highly recommend this volume.

## **Asian Coins Archives - CoinWeek**

Asian coins originated in ancient China, but they did not resemble coins as we conceive of them today. Ancient Chinese coins were first shaped like tools, usually either spades or knives. This early currency was eventually replaced by ban liang, which, with its round, flat shape, more closely resembled today's notion of a coin.

The earliest coinage of Asia is also the oldest coinage of the world. [citation needed] Coins were invented several times independently of each other. The earliest coins from the Mediterranean region are from the kingdom of Lydia, and are now dated ca. 600 BCE. The dating of the earliest coins of China and India is difficult and the subject of debate. . Nevertheless, the first coins of China are ...
