Spark: The Revolutionary New Science of Exercise and the ...

In Spark: The Revolutionary New Science of Exercise and the Brain, John Ratey examines how exercise contributes to better brain function. Ratey discusses how exercise is strongly related to better learning, reducing stress, combatting anxiety and addiction, improving hormones and reducing the impacts of the aging process.

Spark : The Revolutionary New Science of Exercise and the ...

Chapter seven proposes a revolutionary new idea: exercise can combat addiction. Whether it is addiction to drugs or alcohol, exercise can help. Exercise works from the top down in the brain, forcing addicts to adapt to a new stimulus and thereby allowing them to learn and appreciate alternative and healthy lifestyles.
