Sparklers are chapter books with great stories and wonderful illustrations. As a series they bridge the gap between reading schemes and traditional chapter books. The eight books in each set are carefully levelled so that students can progress without encountering any sudden increase in difficulty.

The ulnar nerve is trapped between the bone and the overlying skin at this point. This is commonly referred to as bumping one's " funny bone ". This name is thought to be a pun , based on the sound resemblance between the name of the bone of the upper arm, the " humerus ", and the word " humorous ". [1]
