DD15 Troubleshooting - Section 97.6 SPN 2791/FMI 9 ...

I have a paccar with spn codes 2791, 1787, 3821, 3482, and 5246. I have been to the shop last week for these same codes. There they said no active codes but replaced fuel shut off valve code P3831. Ran regen and cleared codes. After 1 day of driving all codes are back and engine is derated to 18 lbs turbo boost.

SPN FMI Description - Enovation Controls

To use the table below, first write down the SPN and FMI codes you received from the engine diagnostic gauge. Locate each SPN in the first column and its associated definition to the right in the second column. In the same way, locate the FMI in the forth column and its associated definition to the right in the fifth column.
