William J. Stevenson and Mehran Hojati authors of Operations Management also indicate "a large percentage of a company's expenses occur in the operations area". Stevenson and Hojati also go on to state that process and layout designs are amongst one of the most important decision a manager must undertake.

Operations Management, 13th Edition. McGraw Hill Test Bank  
Operations management is concerned with converting materials and labor into goods and services as efficiently as possible to maximize the profit of an organization (Stevenson, W. J., & Hojati, M., 2007). The operations function comprises a significant percentage of the employees and physical assets in most organizations. Operations managers are concerned with each step in providing a product or service.
