Besanko and Braeutigam present the concepts and theory of microeconomics in a style that enables the reader to learn and experience it. The authors include numerous fully worked-out problems that provide a step-by-step road map to help them solve numerical problems.

## **Study Guide For Microeconomics | Download [Pdf]/[ePub] eBook**

The prefix micro means small, indicating that microeconomics is concerned with the study of the market system on a small scale. Microeconomics looks at the individual markets that make up the market system and is concerned with the choices made by small economic units such as individual consumers, individual firms, or individual government agencies.
