### **Surgical Talk - World Scientific Publishing Company**

The Surgical Talk textbook is now into its third edition. It has long been a cornerstone of undergraduate revision and I can testify to making good use of it during my own medical student days. The authors have deliberately set out to use a conversational style and have eschewed lists (common to revision textbooks) in favour of a tutorial-based approach.

## **Surgical Talk**

This textbook is an introduction and guide to undergraduate surgery. It has been a bestseller since its first edition in 2001. The philosophy of this book is to focus on the level of knowledge and the approach that would be expected of the better students reaching the end of their undergraduate training.
