Jones | Knowlton School
Suspension Structures. Single-boom suspension roofs are systems of parallel wires, a grid, or diaphragms that form cylindrical or paraboloid surfaces. The cross load is usually transmitted to the supporting elements by decking. The stiffness of the structure is increased by increasing the weight of the decking or by making it in one piece...

Structure and Architecture - McGill University
Franco Albini (17 October 1905 – 1 November 1977) was an Italian Neo-Rationalist architect, designer and university instructor in design. A native of Robbiate, near Milan, Albini obtained his degree in architecture at Politecnico di Milano University in 1929 and began his professional career working for Gio Ponti.

Yale School of Architecture: Suspending Modernity: The Architecture of Franco Albini
Most actually know his design work, publicized in Giampiero Bosoni's outstanding work on Albini from the Minimum Design series, published in 2011. While Suspending Modernity offers a superior level of research and scholarly rigor, the Bosoni catalog shines in a crucial area that is sorely lacking in this new publication from Ashgate: photography. This is likely to limit the audience for this book and exposure to Albini's oeuvre.

Suspending Modernity: The Architecture of Franco Albini Kay Bea Jones Franco Albini's works of architecture and design, produced between 1930 and 1977, have enjoyed a recent revival but to date have received only sporadic scholarly attention from historians and critics of the Modern Movement.

Architecture - Wikipedia
"Suspending Modernity" follows the evolution of Albini's most important buildings and projects, even as they reveal his apprehensive attitudes about the modern condition. Jones argues here that Albini's masterful use of materials and architectural expression mark an epic paradigm shift in the modern period.

Architecture Timeline of Important Historic Periods
Software architecture. Each structure comprises software elements, relations among them, and properties of both elements and relations, along with rationale for the introduction and configuration of each element. The architecture of a software system is a metaphor, analogous to the architecture of a building.

Franco Albini - Wikipedia
The Evolution of Classical Style Architecture. This brief timeline traces the history of architecture in the Western world, beginning with the first known structures made by Eurocentric people up to the soaring skyscrapers and swirling designs of the modern era. Recorded history did not begin in a certain year or in a particular part of the world.
