How to Talk to Young Children About Body Safety We hope that your conversations with your child about body safety will be open and ongoing. Parents should not just have "the talk" with children, but multiple, natural conversations over time so that children know it is safe to talk about these subjects.

Spagnola: Can't Believe Still Talking Safety

Talk about feeling 'safe' and 'unsafe.' Children find it hard to distinguish between the two. It is important they understand what it is to feel 'unsafe,' so if they are ever feeling this way at any time, they can talk to you or another trusted adult right away.

Toolbox Talks | EH&S

A "Toolbox Talk" is another term for a safety meeting. The term "Toolbox Talk" was originally used as a way to encourage building workers to have a regular documented safety meeting. The best time to do this was considered to be when they stood around the tool box in the morning before starting work, so the term Toolbox Talk was born.
