blogs) coupled with scenarios to bring to life real-world challenges, the text allows students to write successfully.

Technical Communication Today (6th Edition): Richard

...

Proper technical communication is a paramount skill to learn, however, this book is severely impractical and outdated. My best guess is that the author was told to write a book on technical communication, yet she lacked the requisite knowledge of the underlying subject (at least to be practical within the last 15

Defining Technical Communication

Emphasizing the connection between writing and context, *Technical Communication: A Practical Approach 8e* uses a fictional company (M-Global) and students' own school and workplace settings to introduce the common genres of technical communication. Featuring numbered guidelines and an ABC format, the book shows how to write a variety of
