TELEOLOGICAL AND DEONTOLOGICAL THEORIES
established on two philosophical stances. The first philosophical position is teleological "contrasting the good of the individual with the good of the community". The second philosophical view is deontological "the relative social norms, rights, and duties in various cultures and communities". These two philosophical theories describe

What Is the Difference Between Teleological and Deontological?
Deontological and teleological approaches belong to the category of normative ethics. Teleological ethics are concerned about the consequences of the action. Utilitarianism and situation ethics are teleological approaches.

Teleological vs Deontological
Deontological Ethics There are two major ethics theories that attempt to specify and justify moral rules and principles: utilitarianism and deontological ethics. Utilitarianism (also called consequentialism) is a moral theory developed and refined in the modern world in the writings of Jeremy Bentham (1748-1832) and John Stuart Mill (1806-1873).

Difference Between Teleological and Deontological ...
Modern ethics, especially since the 18th-century German deontological philosophy of Immanuel Kant, has been deeply divided between a form of teleological ethics (utilitarianism) and deontological theories. Teleological theories differ on the nature of the end that actions ought to promote.

Teleological ethics | philosophy | Britannica
For instance, a teleological view of animals proposes that current animals are, in some sense, an intended end of evolution or creation. Deontology, on the other hand, is solely concerned with ethical questions. Deontology, as a formal ethical model, is the older of the two, with the best-recorded example of antiquity being divine command theory.

Teleological ethics - New World Encyclopedia
When actions are judged morally right based upon their consequences, we have teleological or consequentialist ethical theory. When actions are judged morally right based upon how well they conform to some set of duties, we have a deontological ethical theory, which is common for theist religions.

Comparison Between Deontological And Teleological ...
One standard way of drawing the teleological/deontological distinction is in terms of how moral theories specify the relation between the two central concepts of ethics: the good and the right. The concept of the right is, roughly, the concept of duty, the concept of which actions we ought to perform, which it would be wrong not to perform.

Teleological And Deontological Theories
1.Deontology is an approach to ethics which adheres to the theory that an end does not justify the means while teleology is an approach to ethics that adheres to the theory that the end always justifies the means. 2.Deontology is also known as duty-based ethics while teleology is also known as results-oriented ethics.

Difference Between Deontology and Teleology | Difference ...
Teleological and deontological ethics are two opposing ethical theories that determine the moral goodness or badness of an action. Teleological ethics determines the goodness or badness of an action by examining its consequences whereas deontological ethics determines the goodness or badness of the action by examining the action itself.

What are Teleological Ethical Theories? definition and ...
Similar to Teleological theories, Deontological theories are very individualistic. Although basic principles of categorical imperatives are general conduct norms promoting welfare of the entire society, an individual as a decision maker is completely independent and autonomous in his actions.
