The AIG Story carries important lessons and implications for the U.S., especially its role in international affairs, its approach to business, its legal system and its handling of financial crises.

The Aig Story

The AIG Story first chronicles the origins of the company and its relentless pioneering of open markets everywhere in the world from 1970 to 2005. It then explores how the company faltered after it adopted a one-size-fits-all corporate governance structure that turned the company upside down and put it at the center of the 2008 financial crisis where the authorities seized upon it as both scapegoat and solution to the crisis.

Book Review: The AIG Story - WSJ

A unique account of AIG by one of the iconic business leaders of the twentieth century who developed close relationships with many of the most important world leaders of the period and helped to open markets everywhere. Offers new critical perspective on battles with N. Y. Attorney General Eliot Spitzer and the 2008 U.S. government seizure of AIG. Amid the financial crisis, shares considerable information not previously made public. The AIG Story captures an impressive saga in business history—one of ...

The enterprise grew first across China, then across the globe, with every new market and culture, we deepened our understanding of risk and helped create innovative ways to deliver value to our clients.

[The AIG Story] | C-SPAN.org

"The AIG Story" is well written and, despite not being a business person, I found it very informative about the insurance business and how a successful company is made. The book is in two parts: the early days of Hank Greenberg's insurance career, the start of AIG on his watch, and the world-wide expansion of AIG and the American Insurance Industry.
