The Amazon Way on IoT - IoT Agenda

An insightful study of Amazon.com's Internet of Things practices that aims to help guide business leaders in applying this emerging technology. While some executives may perceive that the "Internet of Things" is merely a catchphrase, Rossman (The Amazon Way, 2014) thinks differently. He cites studies that suggest that nearly 20 billion devices will be connected via the internet by 2020 and that as much as \$11 trillion annually will be saved through IoT-related
