The Annotated C++ Reference Manual by Margaret A. Ellis and Bjarne Stroustrup This book provides a complete language reference for the expert C++ user. It consists of the C++ reference manual plus annotations and commentary sections.

The annotated C++ reference manual (Book, 1991) [WorldCat.org] C Programming Language (2nd Edition) (Prentice Hall Software) has become the gold standard of programming language books, and the Annotated C++ Reference Manual is the closest I've found to the simplicity and succinctness of K&R. The content is old, but it's probably sufficient as a reference for most uses.
